

Suitable ecology	Rainfed and irrigated medium lands
Suitable season	Both Kharif and Rabi
Variety duration (days)	125
Plant height (Stature)	Semi dwarf
Grain type	Small bold
Abiotic stress tolerance	Minimal stress
Biotic stress tolerance	Moderately resistant to BS, SB, LF, WBPH
Special features	-
Potential yield (t/ha)	6.2

Abbreviations:

BS – Brown Spot, SB – Stem Borer, LF – Leaf Folder, WBPH – White Backed Plant Hopper
