

Suitable ecology	Rainfed and irrigated medium lands
Suitable season	Both Kharif and Rabi
Variety duration (days)	125
Plant height (Stature)	Semi dwarf
Grain type	Long bold
Abiotic stress tolerance	Minimal stress
Biotic stress tolerance	Moderately resistant to BL, BS, RTV, BLB, GM, SB
Special features	Contains high protein
Potential yield (t/ha)	5.5

## Abbreviations:

BL – Blast, BS – Brown Spot, RTV – Rice Tungro Virus, BLB – Bacterial Leaf Blight, GM – Gall Midge, SB – Stem Borer
