

Suitable ecology	Rainfed and irrigated medium lands
Suitable season	Both Kharif and Rabi
Variety duration (days)	118
Plant height (Stature)	Semi dwarf
Grain type	Small bold
Abiotic stress tolerance	Minimal stress
Biotic stress tolerance	Moderately resistant to BL, NBL, BS, SB, GM, LF
Special features	-
Potential yield (t/ha)	4.5

Abbreviations:

BL – Blast, NBL – Neck Blast, BS – Brown Spot, SB – Stem Borer, GM – Gall Midge, LF – Leaf Folder
